Xerox® Phaser® 8560MFP Multifunction Printer

Affordable power for the busiest office

Phaser® 8560MFP Multifunction Printer

A Colorful choice. Xerox offers the utmost in productivity with the Phaser 8560MFP color multifunction printer. Your busy workgroup gets a fast, affordable, easy-to-use, device that can expand from a desktop model to a four-tray, floor-standing powerhouse, while delivering top-of-the-line copying, scanning and faxing for all your office document needs.

Outstanding color

The Phaser 8560MFP multifunction printer gives you precise details and rich, vibrant colors.

- **Count on superior output** on everything from cover stock to recycled paper. Confidently handle color projects in-house and reduce costs and increase efficiency.
- **True Adobe® PostScript® 3™** and automatic color-enhancement tools ensure that color-intensive documents print reliably and accurately.
- **Produce fast, versatile prints for everyday jobs.** When you really want to impress, switch to 2400 FinePoint™ print resolution mode.
- **Nothing else on the market offers more consistent, vivid color.** The last page of a large print job looks as good as the first.

Go ahead, get creative. Print on business card stock, postcards, labels, transparencies and more. You can expect the same brilliant output no matter what the media.

No-fuss productivity

A simple, cartridge-free design and a host of helpful features make these devices easy to set up, operate and share.

- **Streamlined, automated driver** installation gets your device up and running in minutes.
- **Replenishing ink is as easy as reloading a stapler.** There's no mess to clean up and no bulky boxes to store.
- **PrintingScout™ technology** monitors your print projects. If a potential issue arises, a handy pop-up alert suggests a remedy.
- **Manage, configure and monitor print jobs** directly from your computer thanks to the CentreWare® IS Embedded Web Server.
- **Built-in security tools** keep your data safe. Secure Print holds hard-copy output until a PIN is entered, and Hard Drive Overwrite "shreds" data after every job or on request.

A color printer that meets the challenge

The Phaser 8560MFP multifunction printer delivers fast, attention-grabbing results.

- **Pick up the pace** with a first-page-out print time as fast as 6 seconds. Both black-and-white and color print at up to 30 ppm.
- **A 600 MHz processor and 256 MB of memory** (upgradeable to 1 GB) provide the muscle you need for the most intense projects.
- **Put off reloading paper**, or swapping one size for another, with a combined paper-tray capacity of 625 sheets — a huge stack of paper for a device that sits on a desktop. Add third and fourth trays to increase capacity to 1,675 sheets.
- **Handy productivity printing tools** are standard, not expensive add-ons: job accounting, custom-size pages, image smoothing and many more.
- **Automatic two-sided printing** saves time and reduces paper costs.

Phaser® 8560MFP Quick Facts

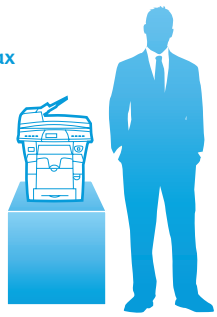
- Print/copy up to 30 ppm color and 30 ppm black-and-white
- Powerful scan features, including scan to PC/Mac, Scan to Email and Scan to desktop
- Maximum paper capacity: 1,675 sheets
- First-page-out-time as fast as 6 seconds color

Print / Copy / Scan / Fax

8.5 x 14 in.

30 ppm

WxDxH:
20.9 x 26.2 x 24.4 in.
532 x 665 x 620 mm



Paper input

1. 100-sheet Tray 1 (multipurpose tray) for a wide range of custom media and sizes
2. 525-sheet main tray. Add one or two additional 525-sheet trays for a total capacity of 1,675 sheets
3. Automatic two-sided printing (standard on all configurations except N)
4. Productivity Kit (includes 40 GB hard drive) provides more print features (standard on 8560DX and all 8560MFP configurations)

Solid Ink

Easier to use than color lasers or inkjets, solid ink delivers high performance, a very low cost of ownership and outstanding print quality.

Scanning tools

Use the power of scanning and your Phaser 8560MFP to efficiently organize, edit and distribute information.

- Scan documents straight to your desktop. Edit them now or store them for access later.
- Scan documents to a public folder. This gets them off your desktop and makes them accessible to anyone.
- Scan documents to password-protected private folders. This allows central storage but restricted access.

Multiple functions, no waiting

The **Phaser 8560MFP** offers copy, scan and fax capabilities and will tackle your workload with an array of time-saving tools:

- **Access walk-up copying, scanning, or faxing** functions when you need them, even while other jobs are printing. Spend your valuable time working, not waiting for your turn.
- **See the first page of your copy job** in as little as 15 seconds and the first page of your print job in as little as 6 seconds.
- **Gather all those loose paper documents** and scan them straight to your desktop, or to a public or private folder. Organize, edit, and distribute files with powerful onboard scanning tools.
- **LAN Fax** lets you send faxes directly from your PC.
